PRODUCTS:

LaBarge Coating has been serving the needs of the energy sector since 2003. Today LaBarge Coating is one of the leading independent pipe coaters in the Gulf Coast, providing a variety of services for major energy companies in the oil and gas industry.

LaBarge Coating is comprised of two facilities with a combined area of 200 acres in Channelview, Texas. LaBarge can offer a variety of pipe coatings, logistics and project management services. Our team can provide a complete managed solution, from inbound freight to outbound coated product. We welcome all projects, from 500 feet to 500 miles for Fusion Bond Epoxy (FBE), and Abrasion Resistant Overcoat (ARO). LaBarge Coating will be pleased to serve your next coating requirement.
